Debi Wise noted several typographical errors in the intergovernmental agreement; Chief Nied stated the agreement is the County's template. Chief Nied stated the Howard G. Buffett Foundation is providing grants to several fire districts in Cochise County through the Cochise County Sheriff's Office, that the Board of Supervisors has approved it, and that once the District submits the resolution the funds will be released. Debi Wise asked how the grant is structured; Chief Nied provided clarification.

Cynthia Drummond asked whether the Board chooses how the funds are used; Chief Nied stated the Board selects the use, states it in an agreement, and must then use the funds for that purpose. Debi Wise asked about the deadline to decide; it was noted the agreement allows until June 30, 2027, and Chief Nied stated that was his understanding.

Discussion:
Chairman Law stated the agreement was prepared by the District's attorney, and that if a resident wishes to make a water tank available to the District, the agreement will be signed, dated and notarized.

Chief Nied stated the agreement is part of phase 6 of the District's six-phase wildland protection plan, which can be completed at any time during the earlier phases. He described the plan to work with Pima County Wildland and the Office of Emergency Management on mailers, two education sessions, and chipping days for vegetation residents remove. Chairman Law asked whether the chipping would come through DFFM or Pima County; Chief Nied stated it is available on the Pima County side for now, and the District is still working with Cochise County on the rest of the District. Chief Nied stated the District's greatest wildfire risk is along I-10.

Debi Wise noted other districts in the state have begun similar programs, and that vegetation cleared along I-10 several years ago has grown back.

records folder; and consulting and IT support, including the move from Microsoft to Google Workspace for email. He introduced James Munson, his partner, who also attended by phone.

Cynthia Drummond asked whether IT issues, such as a software problem on the Chief's laptop, would be covered at no extra charge; Mr. Munson stated they would. Debi Wise stated the lowest separate ADA quote was approximately $460 per month and the current IT bill was $1,200 last month. Cynthia Drummond stated the last two IT bills with ADA came to approximately $1,660, and that the District would save approximately $250 per month in the first year and approximately $100 per month after that.

Cynthia Drummond asked whether the term must be three years; Mr. Munson stated the 36-month term keeps the current rate for that period and a 24-month term is available. Cynthia Drummond asked about ending the agreement; James Munson stated the agreement has an initial term and may be terminated for a material breach by either side. Chief Nied stated the District is not yet required to have an ADA-compliant website but that it serves residents who need it.
