## April 2024 FIRE CHIEF'S REPORT

Presented May 29, 2024

|                         | April | Year to Date |
|-------------------------|-------|--------------|
| Incidents               | 37    | 203          |
| Turnout Time            | 2:34  | 2:33         |
| Response Time           | 11:08 | 9:22         |
| Mutual Aid Provided     | 3     | 6            |
| Mutual Aid Received     | 0     | 5            |
| % Overlapping Incidents | 0     | 8 (3.94%)    |

**Training:** New personnel are concentrating on completing their task books, covering such topics as report writing, apparatus staging, SCBA fill procedures, HIPPA, bloodborne pathogens, sexual harassment, etc.

**Apparatus Maintenance:** E1711 remains out service at Firetruck Solutions, as they are still waiting on parts. B171 and R1711 are in need of tires

**Facility / Building Maintenance:** I am still searching for someone to provide an estimate for concrete work, in order that I can provide you a complete estimate for the proposed handicap parking at Admin. If there any contractors or handymen interested in some work I would encourage you to call us at 520-586-4690 or email us at [info@mescalj6fd.com](mailto:info@mescalj6fd.com).

**Billing:** We have \$1,210.75 in outstanding billing due. Fire Recovery USA has collected \$40,997 since they came on board. That equals an 83% rate of return.

### Other:

- Chief Spangler was kind enough to pick up our handheld radios from Sierra Vista. We are waiting on an email/use agreement and as soon as that is received the radios will be distributed.
- The AFG Grant we applied for had a total of 7,962 applications requesting 3.72 billion dollars in Federal financial assistance. Despite the long odds, I remain confident that our most recent multi-agency grant application for SCBA will finally be approved.
- The Arizona Fire District's summer training event is scheduled to begin July 16<sup>th</sup> in Glendale.
