CONCERNED ABOUT WILDFIRES? BE PART OF OUR PLANNING PROCESS!

A Community Wildfire Protection Plan (CWPP) is a collaboratively developed, community-based plan that identifies and prioritizes strategies for reducing the risks of wildfire to life, property, and critical infrastructure in the wildland-urban interface (WUI).

WE WANT TO HEAR FROM YOU!

Please fill out this brief survey to share your feedback.

bit.ly/4jtfUAa

CWPP's typically include:
Fire behavior analysis
Evacuation route vulnerabilities
Mitigation recommendations
Funding priority guidance
